From the library homepage http://academics.tctc.edu/lynx/, click the "Article Databases and Electronic Subject Sources" link.

Then scroll down to the "Subject Areas" sources, and click the "Health, Medicine, and Nursing" link.
Health and Wellness Resource Center is in the Database area.

You can search the entire site by using this search engine.

Or, you can look up specific things such as prescription drug information, individual diseases, or national organizations connected with your topic.

Diseases and Conditions:
- Diabetes
- Obesity
- Cancer
- Depression

If you are off-campus, you will be asked to enter your "T" number before you can access the database.
